

GUSHER[®]

7550 SERIES VERTICAL END SUCTION CENTRIFUGAL PUMPS

WITH EXTERNAL IMPELLER ADJUSTMENT

AVAILABLE OPTIONS:

- ☐ Chairmount Style ("CHM") & Barrelmount Style ("CDM")
- ☐ Jacketed Ball Bearing Housing for High Temperature Applications
- ☐ Discharge Pipe Extending through Mounting Plate, Couplings, OSHA Approved Coupling Guards, and Electric Motors.
- ☐ Extended Lengths

CDM Style

Proven Design

The Gusher 7500 Series has been designed to give heavy duty pumping service in a wide range of industrial applications. Each phase of its production has been carefully controlled to insure long life and minimum maintenance.

Handles Wide Range of Application

- Spray Booths
- Phosphate Systems
- Filtration Systems
- Paint Systems
- Industrial Spray Washers
- Coolant Systems

Capacities

Sizes in the 7500 Series range from 1" to 8" discharge with heads up to 210 feet @ 1750 RPM. Capacities up to 2500 GPM. (3600 RPM Pumps are available—selection through distributor or factory).

Features

- **Bearings** — oversize heavy duty type supplied with grease fittings and located above base plate out of corrosive area.
- **Shaft** — extra heavy, made of high strength steel.
- **Impeller** — proven design increases efficiency and performance. Enclosed or semi-enclosed are available. (see chart).
- **Motor Alignment** — exclusive motor mounting arrangement allows easy motor alignment in the field.

Materials of Construction

The Gusher 7500 Series is available with a selection of materials to meet every need. Pumps can be furnished with cast iron construction, stainless construction, stainless fitted construction, as well as bronze fitted construction.

Gusher Pumps, Inc.

ORDERING INFORMATION

Order the Gusher 7500 Series Pump to meet your needs by model number. The model number should be specified as follows:

EXAMPLE: For ordering a Chair Mounted Pump with a 1¼" discharge and 1½" diameter suction with a semi-enclosed impeller of 7" maximum. Iron construction, discharge piping and motor mounted in #1 position. The model number for ordering description would be: 1¼ x 1½ x 7SEL-CHM-1ADP

Materials of Construction

Material Designation	Type	Description
A	All Iron	cast iron construction
B	Stainless Steel	316 stainless steel wetted parts
C	Stainless Steel Fitted	316 stainless steel shaft and impeller
D	Bronze Fitted	bronze impeller

Motor Specifications

Please furnish the following information on all orders: Horsepower, Frame Size, Voltage, RPM, Hertz and Phase. If a special motor is required specify: i e Delco GM-7EQ.

The **Chairmounted Pump** is designed to accept a Nema Frame Foot Mounted Motor. The **Barrel Mounted Pump** will accept a Nema Frame "C" Face Motor.

Note: If motor is ordered it will be factory mounted unless otherwise specified.

We Can Help

Our sales department will help you select the proper pump for your application. Call or write. Performance Curves are available on all pumps.

Configurations

Most Chair Mounted Pump models are available in four Configurations as follows:
