

# WEBSTER SERIES C CENTRIFUGAL

## A RUGGED PUMP FOR THE MOST DEMANDING CONTINUOUS DUTY APPLICATIONS.

**H**ayward builds its Webster Series C Horizontal End Suction Centrifugal pumps to stand up to the toughest industrial and commercial applications. Rugged pump bodies and beefed up internal components, along with a heavy duty motor, means your Series C Webster pump will perform reliably for years. This pump is built to last....and Hayward backs that claim up with an extended two-year warranty on the pump and motor....not just one year like other manufacturers' warranties. The requirements of continuous duty, aggressive, corrosive chemical applications are easily handled by Webster Series C Pumps. And even if your application could "get by" with a lesser pump, consider moving up to Webster...extra reliability doesn't have to cost extra...compare price, specs and warranties...the choice is Webster.

### FEATURES

- *Exclusive Two Year Warranty*
- *Rugged, heavy duty construction*
- *No metal ever contacts the process fluid*
- *Pump cannot fail due to rust or corrosion*
- *Dynamically balanced enclosed impeller*
- *Specifically designed for continuous duty service*
- *Heavy duty internal components*

## SPECIFICATIONS

### Pump:

Glass Reinforced Polypropylene, CPVC, or PVDF Construction (Glass Reinforced PPL only with 3 and 5 HP motors).

### Pipe Connection:

Threaded Connections.

### Shaft:

Stainless Steel Shaft with non-metallic sleeve.

### Seal:

John Crane external Type 21 or equal carbon/ceramic seal faces with stainless steel hardware and Viton elastomers.

### Performance:

Models for flow rates from 5 to 130 GPM with TDH's up to 140 feet. Series C motors and pumps are matched for non-overloading, continuous duty performance throughout the entire pump performance range.

### Motors:

Single or Three Phase Motors are available with  $\frac{1}{3}$ , 1, 1  $\frac{1}{2}$ , 3, or 5 HP ratings, 115/230 VAC or 208-230/460 VAC, and are heavy duty TEFC, epoxy painted and rated for continuous duty service.

### Pump Models:

C5  $\frac{1}{3}$  HP, C7 1 HP, C8 1  $\frac{1}{2}$  HP, C10 3 or 5 HP.

*Other pumps claim reliability, but check the warranty behind the claim.*

*Compare price, features, specifications and warranties... you'll choose Webster.*

## OPTIONS

Bearing frame for belt drive or direct coupled drivers, Double water-flushed seal, PTFE rotary seal faces and Carpenter 20 or Pink Ceramic seal seats
